

# Call For Participants

As a researcher do you adhere to ethical principles?

8 min(s) to complete

Sincere Gratitude

Online Questionnaire

Online

Centre for Research Excellence

Are you an academic / student researcher? If yes then our survey is for you! Our research aims to investigate if academic researchers, using online services, are adhering to ethical principles, and understand if participants are being fully informed about the collection, use and handling of their data. The results of this survey will be used to create a new framework for improving current ethical practices and the handling of participant data. Lets make research more ethical together!
