Psychological Vulnerabilities and Protective Factors Influencing Child Crim

30 min(s) to complete

Sincere Gratitude

Online Questionnaire

Online

University of Central Lancashire

Child Criminal Exploitation is a form of child abuse where children can be manipulated, coerced, or forced to commit crimes.

Criminal exploitation is associated with a range of harms to children, and this research aims to identify vulnerabilities that make some children more at risk compared to others.

If you 18-30 years of age, please consider completing my questionnaires. You do not need to have experienced exploitation as a child; all experiences are helpful.
