Queen Margaret University

This study investigates how memory affects body perception and whether personality has any influence on this relationship.

I am looking for healthy, female volunteers aged 18-40.

If you agree to participate in this study, you will be asked to fill out few questionnaires online. At the end of the survey I will give you further explanation about the study. The whole session should take no longer than 20-25 minutes.

Your help is much appreciated.
