Human Decision-Making in Virtual Reality

20 min(s) to complete

£10 VEX online voucher plus potential £5 bonus

Experiment

Newcomen St, London SE1 1UL,
UK

King's College London

Do you want to participate in a study which uses virtual reality to help us understand human decision-making? We are looking for White men aged 18-40 years with no history of epilepsy, seizures, nausea or vomiting. You will embody an avatar in virtual reality and interact with different virtual agents. If you want to participate, we will send you a screening questionnaire and invite you to our VR laboratory at, SE1 1UL London. The study takes 20 min and you can earn £10-15,
