

# Call For Participants

How does your cultural identity influence how you regulate your emotions?

15 min(s) to complete

Sincere Gratitude

Online Questionnaire

Online

Alliant International University

The following study examines how acculturation influences emotional regulation in second-generation Asian American Males. Participants will be asked to take a survey that will ask questions about their culture and how they choose to express their emotions. The study is completely anonymous and participants have the right to withdraw at anytime prior to submitting the survey. Once the survey is submitted, it becomes impossible to withdraw as Qualtrics does not store any identifying information
