Genital Pain in Daily Life

30 min(s) to complete

Sincere Gratitude

Online Questionnaire

Online

Maastricht University

Hello everyone, I hope your week is going well!

We have created a survey for both hetero and non-hetero couples to better understand how women and their partners cope with genital pain complaints in their daily lives, and how it affects their sexual well-being. Despite the prevalence of genital pain and its profound impact on mental and physical well-being, many research questions regarding its causes, why it persists, and how the diagnoses differ from one another remain unanswered.
