

Call For Participants

Disabled university students
experiences of methods of
teaching

30 min(s) to complete

Sincere Gratitude

Interview

Online

University of Leeds

The purpose of this project is to explore the experiences of disabled students with regard to methods of teaching. The analysis will involve looking into seminars, lectures and assessment methods through the use of semi-structured interviews with participants. The aim of the project is to understand the experiences of disabled students and to make realistic recommendations for higher education institutions in order for them to make teaching and practices more inclusive.
