

Call For Participants

Investigating the Long-Term
Mental Health Outcomes of
CSE

15 min(s) to complete

Sincere Gratitude

Online Questionnaire

Online

Maastricht University

I am looking for participants aged 18 and older to participate in a general population survey about their experiences of child sexual exploitation (CSE) when they were under the age of 16, their disclosure experience, and their current mental health. You do not have to have been a victim of CSE to take part, as I am looking for a range of experiences. This research is part of my master thesis and internship, aimed at advancing knowledge in the field of child sexual exploitation.
